Interstate 215 lanes to be closed at 5th Street on Tuesday night, Jan. 9, to place construction barriers

WHAT: As part of the I-215 widening project in San Bernardino, temporary concrete barriers and crash cushions will be placed along the northbound left and right shoulders and the southbound left shoulder, near the 5th Street bridge. The barriers will provide room for the construction crews to work safely while they widen the 5th Street bridge.

The work will require the closure of one freeway lane in each direction through this area. In addition, the northbound 4th Street on-ramp and 5th Street off-ramp will be closed. See detour information below.

WHERE: Northbound and southbound I-215 at 5th Street

WHEN: **Tuesday, January 9 from 10 p.m. to 6 a.m. on Wednesday, January 10**

NOTE: Freeway will remain open, but with limited lanes.

Every effort will be made to minimize impacts to residents, businesses and motorists throughout this and all phases of construction. Due to unforeseen operational factors or inclement weather, these dates and times may change.

DETOUR: Northbound I-215 5th Street Off-ramp:

Exit 2nd Street off-ramp, north on G Street which turns into H Street, turn left on 10th Street to northbound I-215 on-ramp

Northbound I-215 4th Street On-ramp:

North on H Street, turn left on 10th Street to northbound I-215 on-ramp

To be added to our distribution list or for more information regarding this project, visit www.sanbag.ca.gov or call the project helpline at **1- 877-215-NEWS**.

San Bernardino Associated Governments appreciates your patience during the Interstate 215 widening project. Please allow extra time when traveling through the construction zone and follow all signs and detour routes.
